Ed. Tedroe, Al. Combs and Monroe Foudray, three of our young sports, went out on the Driving Park yesterday to enjoy the pleasure of a good skiff ride. After they had sailed around for awhile, they concluded to beard the judges stand, which was floating near by, and see how it would go. Finally Combs and Tedroe got in the skiff and Munroe was left for Judge. He judged himself in a bad fix, however, as he had to stay there three or four hours, much to the enjoyment of his companions. Munroe says he will get even.

What's the San.

Prof. Rudolph, in a lengthy paper on the sun, says: A moiten or a wnite mass \$56,000 miles in diameter, equaling in buik 1,250,000 worlds if ke our own, having a surrounding ocean of gas on fire, 50,000 miles deep, tongues of flames darting upward more than 59,000 miles; volcanic forces that hurl into the solar atmosphere luminous matter to the height of 168,000 miles; drawing to itself all the worlds belonging to our family of planets, and holding them in proper place; attracting with such superior force the millions of solid and stray masses that are wandering in the fathomiess abyse that they rush helplessly toward him and fall into the fiery embrace. And thus he continues his sublime and resistless march through his mighty orbit, having a period of more than 18,000 of years. years.

Jarvis J. Cady, of Covington, Ky., was found dead in his bed at a notel in Mays-ville, yesterday, from an overdose of laudanum.

MEDICAL

Death is on the Heels of Every Bug.

The above cut represents the Hon. Daniel 8. Dickinson, former Attorney General of the United States, as seen when attacked with Mr. Dickinson suffered intensely, notwith-standing he had the best surgical aid. Every-thing was done that science could suggest, and as the last remedy the knife used, and yet he died in great anguish on the third day. This is a fearful warning to those who are ruptured.

RUPTURE-HOW CURED.

MR. GEORGE E. EARINGS, OF PHILADELPHIA, WRITES THE FOLLOWING INTERESTING PAR-TICULARS:

TICULARS:

To the Editor of the New York Sun:

Sir—For several years I was afflicted with rapture and suffered from the use of trasses. Casually noticing in your paper a recommendation of Dr. Sherman of your city, and about the same time meeting Mr. J. W. Ayres, of Camden, N. J., who informed that he had been a victim to rupture and was cured by Dr. Sherman's treatment, I felt animated and went straightway to New York, consulted Dr. Sherman, and had him adapt his remedies to my case. It was to me a happy occurrence, and I shall ever feel grateful to you and Mr. Avres for having directed my attention to Dr. Sherman, as well as to him for the safe and comfortable manner in which he treated my case. My mind was greatly oppressed, and my future was shadowed, as I was trying various trusses for help with no other result than vexation and injury. But now being sound again, and realizing its felicity, I feel it my imperative duty to add my testimony in favor of Dr. Sherman's remedies, and to recommend the ruptured to go to him with the fullest confidence of being bearefited.

GEO. E. EAKLNGS, 1,031 Palmer st.

GEO. E. EAKINGS, 1,031 Palmer at. Philadelphia, March 24, 1876.

We cheerfully publish the foregoing communication, believing it may result in benefit to some one. Mr. Enkings is a subscriber to Time Six and a reliable gentieman. His statement will doubless reach many sufferers who will, with our vouching for its truthfulness have cause to feel as grateful toward him as he now feels toward Dr. Sherman.

cause to feet as grateful toward min as so now feets toward Dr. Sherman.

The foregoing remarks from the New York Sun must be cheering to those who are ruptured.

The cure is effected by Dr. Sherman's method without any operation, simply by external local applications, both mechanical and medicinal, made daily by the patient, who, while under treatment, can perform any kind of labor, or take the most active exercise with perfect security from dangers or inflanced and strangulated rupture, without the suffering and injury caused by the use of trusses, and without interfering with the progress of cure.

Dr. Sherman's office, Park Row, corner Ann street, New York City. Consultation free. Terms medierate. Persons from the country can receive treatment and return for home same day. Descriptive book mailed for 10 cents.
